Objective: To secure a challenging position in a software company, where I can leverage my strong programming skills and passion for technology to contribute to innovative projects. I aim to gain practical experience in software development, enhance my technical expertise, and further develop my problem-solving and teamwork abilities.

Education:

- Bachelor of Technology (B. Tech) in Electrical and Electronics Engineering

  [National Institute of Technology Nagaland ,Chumoukedima],

  Year of Graduation: 2025 (Expected)

  CGPA: 8.7/10

  - 12th Grade (Senior Secondary Education)

  G.A.V Public School ,Patauda.

  Year of Completion: [2020]

  - 10th Grade (Secondary Education)

  G.A.V Public School, Patauda.

  Year of Completion: [2018]

Skills:

- Programming Languages: Proficient in C++ programming.

- Electrical Engineering: Strong understanding of electrical circuit analysis, power systems, control systems, electronic devices.

- Technical Skills: MATLAB, AutoCAD, PLC programming, Solid Works .

- Problem-solving: Strong analytical and critical thinking abilities to troubleshoot and resolve electrical issues effectively.

- Communication Skills: Excellent verbal and written communication skills for conveying complex technical information.

- Teamwork: Demonstrated ability to work collaboratively in team projects, fostering a positive and productive work environment.

- Data Structures and Algorithms: Strong knowledge of fundamental data structures and algorithms.

Additional Skills:

- Proficient in MS Office Suite (Word, Excel, PowerPoint).

- Strong problem-solving and analytical skills.

- Adaptability and willingness to learn new technologies.

- Detail-oriented with excellent organizational skills.

"With a strong foundation in programming and a passion for software development, I am motivated to take on new challenges, learn new technologies, and make meaningful contributions to a software company's goals and objectives."
